Stellar Industries Purchases Former United Rental Facility

Garner, Iowa – Stellar Industries, Inc. is excited to announce it has purchased the former United Rental store located at 822 South Taft Avenue in Mason City, Iowa. Stellar Industries will open a retail sales and service center for its Stellar® products and will also offer other truck equipment product lines that compliment the work truck and trailer industries. Stellar plans to start hiring employees as soon as possible and will have the retail facility in operation late this spring.

“Our facilities in Garner, IA are much better suited for manufacturing and installation of new equipment, however, over the years more and more customers were relying on us for service and repair work,” says David Zrostlik, president of Stellar Industries. He continues, “It just made perfect sense for us to purchase an existing facility in Mason City where we have easy access to the Interstate and Avenue of the Saints. Also, being located close to our Garner home base will allow us to easily support this location with our manufacturing capabilities.”

Stellar Industries, Inc. was founded in 1990 in Garner, Iowa. It is an employee owned and operated manufacturer of hydraulic truck mounted equipment. Products include hooklift hoists, cable hoists, container carriers, telescopic cranes, articulating cranes, work truck accessories and the X-Tra-Lift pick-up loading device. Stellar also offers complete mechanic service truck and tire service truck packages. Through the recent purchase of the assets of former Kiefer Built, LLC, a full line of horse, livestock and industrial trailers are also available. Stellar is a progressive company that focuses on its people, as they are the key to making the products and the company successful.
