

SERVICE CRANES

# GIVE PRODUCTIVITY A LIFT

Stellar® Service Cranes  
Combine High Strength  
With Efficient Operation

# THE PERFECT ADDITION TO ANY MECHANIC TRUCK

Stellar offers a large lineup of service cranes, so you can find the ideal model to meet your needs. Choose Hydraulic Cranes for rugged, nonstop performance. For lighter duty, count on Electric Cranes and Electric-Hydraulic Cranes. When space is limited, compact Stellar T-Boom Cranes provide the reach you need.

# HYDRAULIC CRANES

Get the power, reach and capacity to take on the toughest challenges, all from a streamlined design that reduces weight, fuel consumption and noise.

More than a dozen models are available with capacities ranging from 7,500 to 14,000 lbs and reaches up to 30'.

Hydraulic Cranes.

# ELECTRIC-HYDRAULIC CRANES

Lift loads efficiently and productively with Stellar Electric-Hydraulic Service Cranes. Each model is available in both electric and hydraulic versions, so you can choose the ideal fit for your applications.

For light-duty applications, both electric and hydraulic versions provide plenty of power and capacity, with horizontal reaches ranging from 15' to 21' and lift capacities up to 6,000 lbs.

Electric-Hydraulic Cranes.

# ELECTRIC CRANES

For the ultimate in economy, Stellar Electric Cranes are engineered for highly efficient performance. Lighter-weight aluminum models are available for increased overall payload and added corrosion resistance.

Lifting capacity on Stellar Electric Cranes ranges from 2,000 to 6,000 lbs. Choose from models with a horizontal reach up to 21' and a vertical reach up to 22'.

Electric Cranes.

# T-BOOM CRANES

When you can't park close to a load or need to lift vertically over an obstacle, compact Stellar T-Boom Cranes have you covered. They feature a tall mast for extended reach that delivers the load radius of larger models.

The telescopic boom cranes offer lifting capacities ranging from 2,400 to 4,940 lbs to handle tough jobs. Reaches are available from 8.1' to 19.7'.

T-Boom Cranes.

# CONTROL SYSTEMS

For increased efficiency, Stellar Service Cranes feature exclusive Crane Dynamics Technology (CDT™/CDTpro™) remotes. They let you control, power and monitor your crane from a safer distance with improved visibility.

The CDTpro Control System includes revolutionary Range Finder™ Technology that lets you know if your crane can lift the load before you set up. The lightweight CDTpro features a comfortable grip and an LED screen with real-time feedback.
